March 2010

Founded 1979

From the President LBSRA

LBSRA is pleased to announce the new forming of the youth mentoring program.

This program will be under the leadership of LBSRA Board of Directors but will be run by the youth of LBSRA. The youth in charge have formed a Board to run the mentoring program. First time that we know of that an association has formed this kind of program for the youth to help other youth better there officiating. Congratulations to all the youth board members.

Some of the new programs that LBSRA board will be supporting this year will be the youth mentoring and adult mentoring. We will be having a full time coordinator for the OCWSL starting Sunday March 14th. He will cover the fields as many as he can to help out with any problems or if some one does not show up he or she will fill in. Mentoring on the field at tournaments, besides coordinators to help out the officials working the games. We will get some tee shirts for the officials with a new look this year. We will still have the Chivas tickets give a way at the meetings also a 50 dollar gift certificate. We may throw in a few lottery tickets once in a while to make thing interesting. We will be supporting our officials that will be going to tournaments out of state and some in state.

From the President LBSRA

So as you can see a lot of the increase in fees or dues will be going back to the officials especially the officials that show up to the meetings each month.

We also have to pay for the state instructors that come to the meeting each month for the instruction to the association officials. Each month a different topic and a different instructor. Remember all grade 8, 15, 16 must have 5 sessions and 7,5,6 must have 10 sessions per year to reregister for the next season. This is mandated by the state and you have no choice if you want to maintain as a referee.

Our dues this year will be as follows: If you have made less than \$1000.00 in 2009 your dues will increase from \$60.00 to \$70.00. If you have made more than \$1000.00 in 2009 your dues will increase from \$60.00 to \$90.00. All of the data has come from our Treasure who keeps the data on how much all officials make from the tournaments and clubs who pays LBSRA and in turn pay officials. These numbers do not include the officials who get paid directly from the clubs like CSL. If you have any questions please let me know at the next meeting in March.

The new increase will be effective starting the New Year from June 1st 2010 to May 31st 2011. We will have the dues taken out from the Cerritos tournament or you can write a check to LBSRA which ever you prefer to do.

We have over 300 officials in LBSRA and some of them help out with information that goes into the web site. We could use more input from all the officials. If you have a question or you would like to take some pictures and have them put on the web site just send them to me at walterrenken@live.com and I will put them in. If you would like to tell about an incident with out names that has happen in a game put it in the news letter. We have a lot of exciting soccer going on this up coming year so if you want to participate in higher level games contact your assignor.

Mentoring is going very well and we the BOD has committed the resources to help all of LBSRA achieve a higher level of officiating.

When you see a mentor on your field he or she is there to help you not put you down. The information that they give you will help you in the many games that you officiate. As you all know from experience that the game is becoming more challenging and we as referees need to become better to meet the challenge.

You make the call:

- 1) An attacking player, bringing the ball up the field, attempts to pass the ball to his teammate, B. Player B is in an offside position. However, before the pass reaches player B, the ball is handled (handling) by a defender. The deflection ends up going directly to player B, who was in an offside position at the time of the intended pass. Is the play stopped and offside penalty assessed or should the play be stopped for handling?
- 2) When a field player is in their own 18 yard box but commits a handball outside of the penalty box (by reaching his or her hand across the line) is this a PK or a kick outside of the box where the ball was handled?
