From the President LBSRA

Members of LBSRA this past Cerritos Tournament was about 90% successful. For the most I want to send a congratulation to all well done. The biggest tournament that we do annually. Some of the best teams from all over came to the tournament. Like the French team, Canadian team and the Colorado state Champion team and all the rest just to mention some of the best. There were some excellent games all week end long.

One most outstanding game that will be in my mind for ever was a young referee that did a boys 17 game with most of the players nearly 3 feet taller. The coaches were a little hesitant in that they wanted this official to be replaced by one of the AR's. I told them that this young referee was very capable of handling the game which she did. After the game she was congratulated on a fine performance by all.

Now for the sad part of the tournament. We had officials that were doing games that could not keep up with play. We had officials that lack in calling fouls and too much play on when the games wound up in getting out of hand. We had officials get in shouting matches with coaches and parents.

Members we have gone over and over these issues at meeting with individuals. It does us no good as an association if you continue to let this happen.

The reality of these situations is that we loose tournaments, you loose as referees because you don't have games to officiate.

Each and every one out there on the pitch has to ask yourself the question, am I doing the best job that I can do as an individual in the match. The next time Larry gives you an assignment ask yourself am I capable of handling this game.

Think about what you are doing on the pitch and all of you AR's if the Center needs help give to them instead saying to yourself not my game let him or her burn. Every match is a team you all go onto the pitch together and you leave together and that is known as a team.

To all referees in LBSRA we all live by a code of ethics no matter if you are a USSF, COLLEGE, OR HIGH SCHOOL REFEREE. It may not be in black & white while some are. Weather a player or a referee you must respect one another and not be arrogant and bash a fellow referee. If this happens and is substantiated there will be swift consequences.

LBSRA President

Going great guns at Ontario Women's leagues 7v7. In fact there is a real possibility that there will be an additional field on the same night (Wed.) due to the growth of this league. I will probably be looking at adding additional refs? Lets see what Fall sign up's look like.

Still working on getting a men's league at this site.

Corona coed is going very well. Our ref's are getting very good report cards for their quality of officiating.

If you are interested in any of the above leagues in the future, please advise me.

Do not forget if you are looking to go to next level and want someone from our de-briefing team to observe you doing matches, please contact me and I will set it up.

Summer tournaments are here and before you know it, college season, high school season, and CSL will be starting up and the ALL of us will be kept very busy.

See everyone on the pitch and at next weeks meeting.
