LBSRA PRESIDENTS NOTES

HAPPY NEW YEAR 2015

Wow the year 2014 has gone by so fast and now we are in 2015 which will be better than 2014. We have increased our referee members, so we can cover more games which we will have this coming 2015. We have picked up more tournaments and we have partnership with several tournaments. Several clubs have joined together to make the clubs bigger and that means more work for LBSRA. We have had several Hispanic groups join us in helping out in covering the larger tournaments.

For those referees who have procrastinated and did not get registered and live scanned by December 31st will **NOT** have the opportunity to do State or National cup games. Each referee will be checked against the Cal South roster to see if they have completed all the requirements if not sorry. If you have completed everything but your name is not on the Cal south roster then contact Cal south to find out why it is not. Remember it's your responsibility to get it done

When it comes to tournaments you as the referee, get your assignments from Larry most of the time but other assignor helps out also. You need to confirm your assignments with who ever assign you. When you get to the fields 30 min. ahead of your game time check in with the coordinator. If you don't see them, then call or text and let them know that you are at the field. If for some reason you are going to be running late call the coordinator or text to let them know. It's very frustrating when referees show up 5 min. before game time. If you do show up late you will most likely have a find coming if you don't let the coordinator know.

State cup is just around the corner and I have inserted on page 4 & 5 some of the information needed at the venues. Remember here it is most important that you sign in if you don't some one may send you home and you don't want that. Make sure you know the rules of competition. You don't want to make mistakes at State and National cup competition.

Instruction For January

Cal South has no instruction this month and that Toros and Wayne will be discussing three topics. Offside, the new interpretation, persistent infringement (team) and a short FIFA video quiz on fouls and misconduct. This is good information that you need to become a good referee for 2015.

Any information that you as a referee can obtain will help you in your years to come. Toros and Wayne presents the best that you can obtain. Bring your questions also to ask. You have to ask question in order to learn more. Remember no question is to dumb to ask because some other referee wants to know the answer but won't ask either.
