LBSRA PRESIDENTS NOTES

USSF Recertification Alert ***November, 2015***

All Referees that has not re-certified for 2016,
This is a friendly reminder that your 2015 USSF
certification will expire at the end of December.

**This means if you do not have your 2016
certification, you will not be allowed to officiate
any games when the new year starts.**

Please remember that it normally takes up to 2 to
3 weeks to show approved from the time all your
certification items are complete. If you are missing
in-service hours, You will have to find a way to
make the hours up. Moving forward, please
remember that you have the full 2016 year to
participate in (5) in-service hours offered by
local referee associations.

**The LBSRA BOD of directors cannot express how important it is
to get re-certified for 2016. Make sure you read the information
about Cal South on there web site. There are still a lot of
referees that need to pay there money and go on line and
review the modules, answer the questions at the end.**

Again DROP BALL

Cal South Referee Instructional directives finally came up with the correct decision of this dilemma and put an end to confusion once and for all.

Did any of you see World Cup u17 Quarter Final Games in Chile ? I hope you did! German attacker, inside opponent's penalty area is struck across the neck and almost paralyzed, lying motionless. Game continued. 15-20 seconds later Referee had no choice but stop the game. IF

You are the Referee...

How would you restart the game?

...Penalty kick?

...Drop Ball?

...Yellow Card - Caution the German player for faking an injury...?

OK, I know, you decided on Drop Ball.

Where? Where the ball was.

Here is the dilemma! Will you tell the player to "pass the ball to the goal keeper", or "pass the ball to the defense", or, blow drop the ball between the players and shout "PLAY ON".

The correct decision is dropping the ball and moving on with the game...

In above mentioned game the referee, after taking care of injured player, decided to drop the ball.

He told the German player ,

"Pass the ball to the opposing Goal keeper".

The 17 year player looked at the Referee and probably said "why should I?"

Where is it written that I should pass the ball to my opponent?

My player was elbowed and injured, yet, you ignored the seriousness of the injury and now asking me offer them another opportunity they don't deserve....

And, When the referee dropped the ball, the German player dribbled and to the astonishment of everyone passed the ball to his teammate and advanced towards the opponent's goal.

Please, just drop the ball and let them decide what to do.

You are not their coach.

Have a great game.
